AUTOMATIC ADMISSION TO THE HALL OF FAME

The intent of the Automatic Admission category is to recognize Michigan PGA Members who, based on their accomplishments, are without a shadow of a doubt worthy of the Michigan PGA Hall of Fame. This category is necessary as to not put these individuals on the same ballot as other very worthy individuals who may be inducted through the normal nominating and voting process. Such accomplishments are listed below:

- PGA of America Officer (if the membership requirements are met)
- Win a PGA, Champions, or LPGA Major Championship (if the membership requirements are met)
- Current Member of the Michigan Golf Hall of Fame (if the membership requirements are met)
- Current Member of the PGA of America Hall of Fame (if the membership requirements are met)
- Should the Hall of Fame Committee feel that a potential candidate is worthy of induction but does not meet any of the above (automatic admission) criteria, they may suggest that candidate be automatically inducted assuming all of the following:
 - The individual meets the necessary membership requirements
 - The Hall of Fame Committee must be unanimous on the decision
 - Should some members of the committee be unreachable for vote or abstain from voting, a quorum of 50.1% or more of the committee must vote unanimously to induct.
 - The Current PGA Board of Directors must be unanimous on the decision via paper ballot at a regularly scheduled Board of Directors Meeting
 - Quorum rules set for by the Michigan Section PGA Bi-Laws apply
