Name of Candidate

Andre Pillow

Year Elected to Membership

2014

Past service or involvement (i.e., Committees served on, Chapter or Section involvement)

Growth of the Game Committee - 2016 to present

PGA Lead - National Program - 2017 to 2019

Briefly describe why you are seeking to be elected to serve on the Board of Directors

As one of only 140 African Americans out of the 29,000 PGA members, it is time for change. I feel that I have the passion and leadership skills to advance our section, and prepare us for the next generation of golfers.

In the past few years, I have worked extremely hard to develop golfers of a diverse background. Whether its increasing PGA junior league participation from 12 to 46 players, obtaining a \$20,000 grant to bring 600 public school students out to the golf course, or increasing women's participation at my new facility, it is evident that I am ready to lead.

I am also seeing growth within my company DNA Golf Instruction. We have connected the nation to what we do via social media, and have continued to see signs of drastic growth in development.

I am passionate about teaching our great game to everyone, including those that are less fortunate. I believe we have a responsibility to become more diverse at every level of leadership. I am ready to lead and feel that I would be an excellent candidate to vote for in this year's election.

Highlights:

PGA Junior League 2019 , went from two teams to a 4 team league.

2018 - \$20,000 grant for 600 student golf clinic.

PGA Lead 2017 to 2019, program designed to create more diversity in leadership at the chapter, section, and national level. Help me go to two annual meeting and see John Lindert get elected into office.

DNA Golf Instruction Growth - teaching at two facility and online.
