Chapter Liaison Report

Dear Mr. President,

I am happy to report that overall Chapters operated and navigated this unique season successfully and safely. Although participation wasn't great, it wasn't non-existent either. Those committed to playing the game and those seeing the value in participating seemed to make it work. A big thank you to all the host professionals, host sites, and to Justin and staff on the section level for all their efforts in maintaining events and some normalcy for all of us.

Furthermore, after conferring with Diane, I am additionally happy to report that the transition to BlueGolf went well overall. A majority of host sites utilized the software keeping things very streamlined at the home office. We'd just ask this spring that each Chapter reminds its members that they need to register properly and prior to deadlines in order to participate.

It is our hope to keep things moving in this positive direction in the future.

This concludes my report.

Respectfully,

Shaun Bezilla, Chapter Liaison
