/// CENTENNIAL 1922-2022 ///

NMPGA 2022 at a glance:

The NMPGA is in good standing heading into the 2022 golf season. Below are a couple bullet points to where we are financially as well as other opportunities for the season.

- Financials
 - o Beginning balance for Spring 2022 - \$3,513.00
- Chapter Championship
 - o Possibly adding Pro-Am as first round of CC, followed by shootout, and then 36 on Monday to finish out the CC.
 - Time is always the biggest issue on surveys is the main reason not to participate...this takes the tournament down from a 3-day commitment to 2
 - Easier on the host venue to not take up more tee times
 - Don't have to participate in Pro-Am to be in the CC, just will be paired with others that are also not participating in the Pro-Am.
- Possible adding of a Sponsor position or committee to help w/ securing sponsorship monies to help out the host facilities/Pros with Pro-Ams and CC.

Continued points of Discussion.

- Growing the Player Sponsorship (\$500.00)
- This can substantially increase both the Pro-Am and Chapter purses.
