Briefly describe why you are seeking to be elected to serve on the Board of Directors *

I want to be involved with the Michigan PGA Board of Directors because I believe in servant leadership and giving back to the profession I love. I have a genuine passion for mentoring young golf professionals and helping Michigan PGA members grow both personally and professionally.

Throughout my career, I've had the opportunity to wear many different hats as a PGA Professional, gaining experience in teaching, coaching, golf operations, and leadership. Those experiences have shaped who I am today and given me a broader perspective on our profession and the opportunities we have to support one another.

I want to use that experience to make a meaningful impact, contribute to professional development, and create opportunities for our members. For me, leadership is about serving others, supporting their growth, and helping leave the Michigan PGA stronger for the next generation.
